

Zanaan Wanaan
new beginnings, radical possibilities

Public Announcement

It has been brought to our attention that a group that claims to be an armed group has used parts of our work in a video where they claim credit for killing members of JKP. ZW unequivocally states that we are not associated with this group in any manner, nor have they taken our permission before using our work in the aforementioned video.

Zanaan Wanaan (ZW) is an independent collective. The material and the work published by ZW, including that on the YouTube channel, is for general information purposes only. We do not give permission for our work to be used outside the platforms of ZW.

Further, ZW is not associated with any group- armed or unarmed. We strongly condemn the use of our work in any other context than on ZW's platforms.
